A Summer spent poolside is best in the colours of the sea; aqua, pinks, and lilacs. It's all in the detail for footwear, with sandals being plaited, woven or embellished. Try a metallic sandal like 'Jamelia' for high shine impact in the sun! Sarah xo

Embrace a little animal print for the summer. Choose a sandal with a hint of leopard, or a print cover-up or tote. This look is quite loud so keep it cool by teaming animal print with neutrals, browns or blacks. Sarah xo

Get tribal during the warmer months. Vibrant hues like tangerine, cobalt and yellow were hits on the runway for Summer. For a louder layered look, pile on the jewellery and go for the Tony Bianco 'Piera' sandal in melon or sky. Or keep it more understated with our 'Jewel' t-bar sandal. Sarah xo
